NEWS & ANNOUNCEMENTS May 2026

Check Out the Community Center Improvements!

The board and management team have recently made several enhancements to the Community Center.

If you've stopped by lately, you've likely noticed the new flagpole installed outside the building. While it's a striking visual addition, it also serves an important safety function.

The flagpole is designed to help reduce lightning risk in the surrounding pool area, adding an extra layer of protection during summer storms. We're proud to fly the American flag — with plans to add a district flag as well — and equally pleased to contribute to a safer environment for our community.

Inside the Community Center, the team has introduced new furniture to create a comfortable club-style seating area, along with the addition of several new art pieces throughout the space. These updates are intended to enhance both the functionality and the overall atmosphere of the facility.

We hope you enjoy these thoughtful — and colorful — improvements.

Keep an Eye Out

The bathroom at the front of the Community Center continues to be vandalized. We are researching options to address this but also greatly appreciate the community's help in keeping an eye on the area.
